THE AFS ON-LINE JOURNAL

The AFS founded on March 22, 2002 is a non-profit membership association. It aims at promoting theoretical and applied sociology in all fields, through a forum of discussion between sociologists in connection with other disciplines. It represents and promotes French sociology in international organisations (AIS, AISLF, ESA, RESU)

The scientific activities of the AFS are divided into more than 42 thematic networks (TN) and groups (WG). About a fourth of the 1500 members are PhD students or post graduates.

The **third** Convention, whose overarching theme is **Violence and Society**, will be held at the University of Paris-Diderot from April 14-17 2009
